

PROVIDER PRODUCT OF THE MONTH

ELTA MD UV CLEAR SUNSCREEN

What is it?

It is a zinc oxide facial sunscreen that offers broad-spectrum coverage. It works by protecting your skin against the sun's harmful UVA and UVB rays.

Who should use it?

This sunscreen work well for anyone with sensitive skin. It is particularly helpful for anyone with acne prone skin, rosacea, or discoloration. It is available in both tinted and untinted options.

Why I love it

In addition to offering great protection against the sun, it is oil free. Which means that it doesn't leave your skin feeling greasy and clogged. It also helps with reducing redness associated with acne, along with hyperpigmentation.
